

It came to my attention that Sinclair Broadcasting is forcing its stations to air an anti-Kerry documentary days before the election. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Airing such a one-sided partisan piece of propaganda shortly before an election is clearly a strong abuse of the privilege of using public airwaves.

Democracy depends on well-informed citizens.

Citizens depend on their media to inform them in a balanced, unbiased way. I hereby voice my protest against Sinclair Broadcasting's plan to air a strongly biased piece of propaganda shortly before an election in an effort to undermine the democratic process and suggest that you do not renew Sinclair's license, should this giant media company actually pull through with this attack against our democracy.

Thank you.
